CASTAWAYS TRAVEL KNOWS CLOTHING OPTIONAL CRUISES.

The owners, James, and Donna have been active with clothing optional travel since 1984. They booked the first clothing optional ship charters and continue leading the market today. Castaways Travel is selective about what cruises they recommend to their customers ensuring that their experience will be unforgettable.

Beginning by researching cruise lines and ships, they meet the captain and crew, and the food and amenities are tried. All crew members aboard ship are there by choice. Privacy, professionalism and discretion are musts.

Nude cruising is a great way for people who enjoy clothing optional travel, cruises and making lots of new friends and to have a dream vacation. Cruises accommodate people with a wide range of tastes, and everyone has a great time.

If you are interested in igniting passion, embracing your sexuality or experiencing a sense of freedom like never before, this unique vacation will last long after you have docked. Castaways has developed a scale for most of their vacations, based on three factors:

1.  Stars : The classic measure of quality.
2.  Dollars : A relative scale of cost.
3.  Spice : The scale from nudity to sensual to sexual.

SO, FOR NUDE CRUISES WE CAN APPLY THE FOLLOWING SCALE:

 For the finer cruises like the Bliss Cruise, the quality can not be beaten and the cost is

 ranging to  for your vacation based on cabin choice and time of booking. Of course, if you opt for the best suite you can spend more.

 **One chili ranging to five chilies which**  **are our measure for "spice".**

Nude cruises offer the full range of spice from 1 to 5 chilies based on where you go and what you do onboard. A clothing-optional cruise offers the opportunity for couples (and their lady friends) to participate based on where they explore on the ship and how they choose to engage with others.

One chili people will be most comfortable on the swim deck. People are nude, but no sexual activity is permitted. This is the place where people can be dressed or undressed as they desire. Theme nights are a fun way to express your sexy side. Many nude cruisers simply enjoy an adults-only environment and the sexy setting.

Two chili people may enjoy the charged, sensual environment or meeting other couples and begin exploring their fantasies. There are plenty of places on the ship that are super sensual and sexy without the wild factor.

Three chili folks may want to explore the play rooms and see what is going on. You can watch sexual activity, grab your own spot with your honey or join friends for fun. There are mixers where you can meet new friends that have your same interests and play style.

Four chili couples may want to explore the "blackout room" or the bondage room and participate in sex with like minded couples. Mixers and groups that love the wild and kinky are the perfect environment to meet new friends for your brand of sizzle.

Five chili people know where to go - there are lots of cabins all over the ship, so many naughty places to try and so many naughty people to meet. *BUT - each person is free to choose what level of spice they want to experience.* All places that are sexual in nature are clearly marked and its unlikely you will accidentally go anywhere you will be uncomfortable. Its up to you and no always means no.

WHAT IT IS:

Nude cruising is the perfect combination of cruising and nudity with "spice" being added as you desire.

WHO ENJOYS IT THE MOST:

People who enjoy clothing optional and nudity in a luxurious tropical setting with total privacy. No other adult vacation has the variety, the range of choices, the adventure and the sheer number of people together for a super sexy, total freedom experience.

WHERE:

Clothing optional cruises leave from a variety of warm locations, frequently Florida and cruise into tropical climates like the Caribbean.

WHEN:

Caribbean cruises are in the late fall and early spring. Other cruises are based on the weather in their location to ensure you have a great time.

DO I HAVE TO BE NAKED?

This is one of the first questions that almost everyone has when going on his or her first clothing optional cruise. “Do I have to be naked?” And the answer is, “*No, of course not.*”

You don't have to do *anything* you aren't comfortable with. After all, you're going on a vacation to have fun. The last thing we want is for you feel like you have to do something. On the contrary, we want you to explore, experiment, enjoy yourself and make this your own brand of fun. Always remember, the optional part of clothing optional!

Our eBook will explain everything you ever wanted to know about nude traveling but were afraid to ask. If you'd like to learn more about us please visit our website at www.castwaystravel.com to discover all the fun that awaits you.

COUPLES AND THEIR LADY FRIENDS ONLY

Considering your first clothing optional cruise? Wondering what to expect?

We have the skinny on everything you ever wanted to know about traveling nude but were too embarrassed to ask about. There are lots of things to consider. For example, who is allowed on these cruises anyway?

The clothing optional cruises we host are for couples only, with the exception of couples who would like to sponsor a lady friend of theirs to join them for the adult fun.

Just because there is nudity doesn't mean anything goes. On the contrary, because clothing is *optional*, we take extra measures to make sure everyone on the cruise is respected and their boundaries are honored.

That's why clothing is required at all meals and in most of the main areas of the ship, as well and when we are in ports of call. We don't want to shock people who don't choose our more freedom-loving lifestyle.

Couples who want to enjoy adult fun with other couples, or a lady guest they invite to join them, are welcome to enjoy any of the clothing optional cruises that Castaways Travel promotes.

To find out more about how it all works, please visit our website at www.castawaystravel.com.

Explore, experiment and experience a new kind of freedom with us.

THEME NIGHTS AND LOTS OF PARTIES

Are you considering trying out a clothing optional cruise vacation with your partner and wondering what the heck happens on those things anyway? A lot of fun is what happens on our adults only cruises. We make sure of it.

If you want to try something new and explore and experiment with other open minded adults, then you will love our theme nights and adults-only parties. You can get your 'sexy" on or rev up your sense of adventure. Our lady travelers tell us this is a very fun and liberating part of the cruise.

Or perhaps a little bit of Las Vegas, or dancing the night away in a glamorous nightclub, are your ideas of fun. Whatever version of fun you enjoy, it is most likely available on one of our clothing optional cruises. Find out more details by downloading our FREE eBook on clothing optional cruise vacation by clicking [here](#).

Our most popular events are our theme nights because you get to try out being someone else. Have you always wondered what it was like in the Old Wild West or the Roaring Twenties or wanted to go to a Toga party? Well come cruise with us and explore and experiment with your more expressive side of fun. We won't tell! Visit our website at www.castawaystravel.com to check out what cruises we have coming up.

Remember, what happens on the cruise stays on the cruise. We won't tell if you don't.

YOUR CHOICE TO PLAY OR STAY AWAY

When you join us for a clothing optional cruise, there will be lots of entertainment opportunities. Some of them may appeal to you while others don't. Always...take what you like and leave the rest.

Your goals for your vacation might be anything from dipping your toe into the clothing optional world just to see what it's like, to stirring up the passion and romance in your relationship or to taking your desires to another whole level. Whatever you desire is available on our nude cruises.

We know that travelers new to this style of vacation wonder about how they can enjoy themselves without feeling pressured to participate in activities they are not ready for or don't wish to...no worries. We make sure that the environment on our clothing optional cruises is one where everyone feels respected and their boundaries honored. It is your choice to play with others or stay with your spouse/lover only regarding any activities available on our vacation cruises.

We want to reassure you that boundaries are respected. *"No" always means No.*" It's one of the tenants that our lady travelers in particular, insist on. You will never ever be pressured to engage in any activities you aren't comfortable with.

Check out when we will be setting sail again at www.castawaystravel.com . We look forward to seeing more or less of you, whichever you prefer.

Baring our hearts and soles and . . . for you.

YOU DON'T HAVE TO BE A PLAYBOY BUNNY TO BE NAKED WITH US!

Welcome to this lesson! Betcha you didn't know school could be so much fun!

Some people are more modest than others about baring their bodies for the entire world to see. There is never any pressure for anyone to be naked on our clothing optional cruises.

There are people of all ages onboard (over 21 only) with all body types. While it may seem intimidating to some at first, the "significance" of nudity just seems to melt away as the ship heads to its next port of call.... really.

Clothing *is optional*. Which means you can either wear it or not. You can go topless, bottomless or go for the full Monty. You get to choose. It is all up to you how much of yourself you want to share with others.

Women are sensual and sexy when they *feel they are* - not just because their bodies are ideal. Artful styles, gauzy fabrics, sexy shoes are the hallmark of sensual dressing (and undressing!). So much of the fun is at the times you get to dress for theme nights or mixers where you create mystery meeting like minded people. There all levels of players, body types, ages and wonderful people thinking the same thing you are. So whether your or your partner's body type is anything from athletic to , enjoy and bring your sexy side!

If you'd like to know more, please visit our website at www.castawaystravel.com to find out when your next clothing optional cruise will be leaving port.

WANT TO FEEL LIKE A KING AND QUEEN?

If you've never been on a cruise before, then you're in for a treat, because cruises make you feel like royalty! That's no exaggeration. They are luxurious and opulent and you get to enjoy it all, because it is all included!

Cruises are full of lots of yummy food and fun events and experiences to explore. Call Castaways at 800 470-2020 to find out more about what is included in your cruise package.

Almost everything is included with a few exceptions. For example, all meals are included, but if you want soft drinks or alcoholic beverages you can purchase a package for those extra items.

Gratuities are also usually included, but if you want to give a staff member who provided exceptional service to you, you can add that extra gratuity to your cabin bill or pay them cash at the end of the cruise. Visit our website at www.castawaystravel.com to find out more about what is included in your cruise package.

OK - THIS IS THE FINAL LESSON!

Planning ahead is absolutely necessary in order to attend a clothing optional cruise vacation. Preparing for your cruise can be a lot of fun, as you anticipate all the fun you're going to have traveling the warm blue seas and visiting new places and meeting people.

We have visited over 115 countries, so we have learned a few things about how to best plan and prepare for everything that you will possibly need to enjoy your clothing optional cruise experience to the fullest. There are too many details to even attempt to explain in this brief lesson but except for theme nights (because ladies want to have it covered), tropical wear packs light and you can enjoy the freedom from loads of clothes and just go for "less is more" on this trip. Extra sunblock it is definitely recommended.

It all starts with a passport and reservations. Then there are visas and other details to be aware of, before boarding the cruise ship on the day of departure which Castaways Travel will fill you in on when you book.

Prepare for fun and frolicking on the high seas with us,

Jim and Donna,

Your world traveling hosts
